Made 19 May 2022

N. J. PHILLIPS C.B.E.,
Governor.

EXPLANATORY NOTE
(not forming part of these Regulations)

These Regulations are made under section 32 of the Education (Governance and Accountability) Ordinance 2022, after consultation with the Board of Education and the Director of Education. They amend Schedule 3 of the Ordinance to add strategic oversight of the national library service to the functions of the College Advisory Committee and provide for the appointment of a person representing library service users to the Committee.

The College Advisory Committee (“**the Committee**”) is a committee of the Board of Education, whose primary function is strategic oversight of Falklands College. The Regulations come into force on publication in the *Gazette*. The Regulations reflect the fact that the Director of Education has, in exercise of powers under section 17 of the Ordinance, designated a college leader, namely the College Development Manager, to be responsible for the national library service.

Regulation 3(2) adds the duty to advise the College Development Manager to the list of functions of the Committee set out in Schedule 3(1) to the Ordinance.

The duty must be exercised with a view to ensuring that —

- management of the national library service is of a high standard and the service meets the needs of users;
- the College Development Manager engages with users in a consistent and effective manner; and
- resources available for the library are used efficiently and effectively to support the purposes for which the library service was established. Those purposes are set out in section 16 of the Ordinance.

To enable these new functions to be discharged, *regulation 3(3)* enables a representative of library users to be appointed to the committee.
